But as my name has been brought before the nation for the first office in the gift of the people, it is incumbent on me, when asked, frankly to declare my opinion upon any political or national question pending before and about which the country feels an interest.

You ask me my opinion on the tariff. I answer that I am in favor of a judicious examination and revision of it; and so far as the tariff before us embraces the design of fostering, protect

If I had k pown of the Cuticura Remedies 28 years ago it would haved saved me \$200,00 (two hundred oblars) and an immense amount of suffering My disease, Psorisas, commenced on head in a spot not larger than a cent. It spread rapidly allover my body and got under my neits. The scales would drop off of me all the time, and my suffering was endless and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man, but feel rich to be relieved from what some of the physicians said was leprosy, some ring-worm, psoriass, etc. I took. and . Sarsaparilla over one year and a half, but no sure. I went to two or three doctors and no cure. I cannot praise the Cuticura Remedies too much. They have made my skin as clear and five from scales as a baby's. All I used of them was three boxes of Cuticura, and three hottles of Cuticura Resolvent and two cakes of Cuticura Scap. If you had been here and said you would lave cured me for \$200, on would have had the money. I looked like the picture in your book of Paoriasis—picture No. two, "How to cure skin diseases"—but now I am as clear as any person. Through force of habit I scratched wenty-englity years, and got to be a kind of second nature to me. I thank you a thousand times. Anything more that you want to know write me, or any one who reads this may write to me and I will answert. DENNIS DOWNING. Waterbury, Vt., Jan. 20, 1887.
